

GigaBiter GB18 Particle Cut Shredder

GB18 Particle Cut Shredder

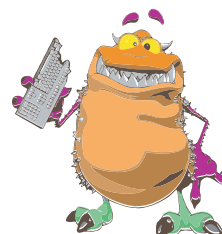

The GB18 Particle Cut Shredder offers the perfect combination of security and efficiency. Compact and heavy duty with a small footprint and optional output conveyor.

Features of the GigaBiter GB18 Particle Cut Shredder:

- Compact, heavy duty machine with small footprint; mounted on casters for easy mobility
- Powerful destruction of large circuit boards, server drives, hard drives, mobile devices, CD's, data tapes, laptop computers, and other e-scrap products
- Is available with optional output conveyor, built standard length to accommodate dumping end product into gaylord or container
- Opportunity for service providers and RIM centers to add an additional, reliable income stream
